BATHROOM COLLECTION / 01

Stone, glass & quiet contrast.

Dark veined tile frames the tub and shower, balanced by a pale vanity and light floor tile. Black glass hardware gives the room a crisp outline.

FEATURED DETAILS

Tub and shower enclosure
Full-height tile
Vanity and storage
Coordinated floor finishes

A BALANCED PALETTE, FROM FLOOR TO WALL.

BATHROOM COLLECTION / 02

Warmth meets light.

GLASS ENCLOSURE / VANITY / WALL & FLOOR TILE

WALK-IN SHOWER

Clear glass keeps the shower connected to the room, with veined tile continuing across the floor.

EVERYDAY COMFORT

A white vanity, warm wall colour and layered lighting soften the look of the tiled surfaces.

BATHROOM COLLECTION / 03

A bolder point of view.

Navy walls, bright white fixtures and a patterned floor give this compact bathroom its own character.

PATTERNED FLOORING & CONTRASTING WALL FINISHES

BATHROOM COLLECTION / 04

Light, texture & contrast.

A compact bathroom with veined shower tile, clear glass and black fixtures. The white vanity keeps the palette simple.

BATHROOM RENOVATIONS

Showers and tub surrounds
Waterproofing and tile
Vanities and fixtures
Painting and finishing

KITCHEN COLLECTION / 01

Made for everyday living.

A central island anchors this kitchen. White upper cabinetry and darker base units bring contrast, while the light worktops connect the surfaces.

FEATURED DETAILS

Central island
Two-tone cabinetry
Subway-tile backsplash
Light worktops

KITCHEN COLLECTION / 02

A clean cabinet profile.

White cabinet fronts, light counters and a contrasting grout line bring the cabinetry and tiled surfaces together.

FEATURED DETAILS

Panelled cabinet fronts
Drawer storage
Subway-tile backsplash
Coordinated worktops

INSTALLATION DETAIL

Photographed during installation, before final wall and ceiling finishing.

TILE & SURFACES

The detail that ties it together.

A closer view of the backsplash and worktop in the island kitchen.

BACKSPLASH INSTALLATION

Tile format, joint spacing and edge details all contribute to the finished kitchen.

CONSIDERED DETAILS

Layout and alignment
Grout colour
Corners and outlet cuts
Trim and sealant

BASEMENT COLLECTION / 01

A brighter lower level.

ROOM TO USE

Light walls, recessed lighting and a continuous tiled floor open up the space.

LIVING SPACE / LIGHTING / PAINTED FINISHES

BASEMENT COLLECTION / 02

More room.
More possibilities.

Finished living areas and practical storage help make a lower level part of everyday life.

LIVING AREAS / STORAGE / FLOORING

FLOORING INSTALLATION

A continuous sense of home.

Rich wood tones connect the room and landing, with white trim defining the edges.

FROM PREPARATION TO PAINT

The difference is in the finish.

DURING / JOINT TREATMENT

AFTER / PAINTED SURFACES

The same room at two stages: board joints and patches prepared, then walls and ceiling painted.

CONSTRUCTION STAGE

Behind a smooth finish.

Board installation, joint treatment and careful surface preparation create the foundation for the final painted room.

01 **BOARD**

Walls, ceilings and bulkheads.

02 **TAPE & COMPOUND**

Joints, corners and fastener locations.

03 **SAND & PREPARE**

Surfaces prepared for primer and paint.

THE STRUCTURE BEHIND THE SPACE

Give the layout its shape.

CONSTRUCTION STAGE

Interior partitions, door openings and ceiling framing shown before drywall and finishing.
